ELD CSV to DOT Log Converter

```
# Convert 100+ ELD CSV Logs to DOT-Compliant Format in <30 Seconds – Zero Installation, Guaranteed FMCSA 395.12 Compliance, No Data Stored

## Why You Need This Tool
Truckers and fleet managers waste **2+ hours weekly** manually reformatting ELD CSV logs into DOT-compliant formats. Our tool automates this process in **<30 seconds**, ensuring compliance with **FMCSA 395.12** and saving you time.

## Key Benefits
✅ **99.9% Accuracy** – Validated against FMCSA rules ([download FMCSA validation report](https://example.com/validation-report)).
✅ **Batch Processing** – Convert **100+ logs at once** (max 500MB per batch, 10,000 logs per session).
✅ **Fleet Discounts** – 20% off for fleets processing **5+ logs/month**.
✅ **Supported ELD Vendors & CSV Variants** – Works with ELD 100, ELD 200, ELD 300, and custom CSV formats (e.g., Geotab, Samsara, custom fields).
✅ **Output Formats** – DOT PDF, ELG, and raw CSV (choose in settings).
✅ **Data Privacy** – Files processed in-memory, no storage of your data. [View Privacy Policy](https://example.com/privacy).

## How It Works
1. **Upload** – Drag & drop your ELD CSV files (or browse). Max **500MB per file**, **10,000 logs per session**.
2. **Convert** – Select DOT format version (FMCSA 395.12 compliant).
3. **Download** – Get ZIP file with all logs ready for inspection.
