Detailed Table of Contents
1. **Workspace Square-Footage Calculator (Simplified & Regular Methods)** – p.3-4
   - *Simplified method*: $5 × sq ft (max 300 sq ft)
   - *Regular method*: % of home × actual expenses
2. **Internet Allocation Worksheet** – p.5
   - *Pro tip*: Deduct the portion used for work (e.g., 50% if you work from home 50% of the time)
3. **Utilities & Equipment Deductions** – p.6-7
   - *Examples*: Electricity for studio, studio monitor, DAW software
4. **Entertainment Expense Limits** – p.8
   - *2024 update*: $500 limit for musicians, $200 for podcasters
5. **Documentation Checklist** – p.9
   - [ ] Receipts for equipment purchases
   - [ ] Bank statements for software subscriptions
   - [ ] Router logs for internet usage
6. **Expense Tracker Template** – p.10
7. **IRS Form 8829 Guide** – p.11

How to Use This Pack
1. **Calculate Your Deductions**
   - Fill out the **Workspace Calculator** (p.3) to estimate your home office deduction.
   - Use the **Internet Allocation Worksheet** (p.5) to prove your work-related usage.

2. **Track Your Expenses**
   - Download the **Expense Tracker Template** (p.10) to log all deductible costs.

3. **File with Confidence**
   - Reference the **IRS Form 8829 Guide** (p.11) for filing instructions.

Frequently Asked Questions

Q: Can I deduct my entire internet bill?
A: No. Only deduct the portion used for work (e.g., 50% if you work from home 50% of the time).

Q: What if I don't have receipts?
A: Use digital invoices or bank statements to prove purchases.
