Safe Home Baker Label Kit

Free Printable Food-Safe Label Templates for Home Bakers - Ingredient, Allergen & Date Fields (PDF & Editable DOCX)

Overview

A free, downloadable kit with **high-quality, FDA-compliant** label templates for home bakers. Includes **editable DOCX** and **print-ready PDF** files for allergens, expiration dates, and ingredient lists. Designed for **2"x1"**, **3"x2"**, and **4"x4"** labels, compatible with standard **8.5"x11"** laser/inkjet paper (bleed: 0.125" margins).

Features

Allergen Checklist: Pre-filled checkboxes for **milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy** (meets FDA/Food Safety Modernization Act guidelines).

Expiration & Batch Tracking: Fill-in-the-blank fields for **production date, best-by date, and batch number**.

Ingredient & Storage Instructions: Dedicated sections for ingredient lists and storage guidelines (e.g., "Refrigerate after opening").

Customization Guide: Step-by-step instructions for editing in **Microsoft Word, Google Docs, or Canva**.

Technical Specifications

Label Sizes: 2"x1", 3"x2", 4"x4" (adjustable in DOCX).

File Formats: PDF (print-ready), editable DOCX (Google Docs compatible).

Paper Requirements: Standard 8.5"x11" laser/inkjet paper (bleed: 0.125" margins).

Typography: 8-12pt sans-serif font (e.g., Arial, Calibri) for readability.

Compliance Disclaimer

These labels are designed to meet **typical cottage-food-operation labeling rules** (e.g., FDA 21 CFR 110.20). Users must verify **local state regulations** and consult the [FDA Food Labeling Guide](https://www.fda.gov/food/food-labeling-nutrition/food-labeling-basics) for full compliance.

Visual Proof-of-Concept

[Cookie Label Example](https://example.com/cookie-label.jpg) - 2"x1" label with allergen checkboxes and ingredient list.

[Bread Label Example](https://example.com/bread-label.jpg) - 3"x2" label with batch date and storage instructions.

[Cake Label Example](https://example.com/cake-label.jpg) - 4"x4" label with detailed ingredient breakdown.

How to Use

1. **Download**: Click the button below to get the **ZIP file** (PDF + DOCX).

2. **Edit**: Open the DOCX in Word/Google Docs, replace placeholder text with your details.

3. **Print**: Use a label printer or print on paper and stick to jars.
